

Webinar on

“Quantum Communication Technologies, Standardization and Applications of Quantum Security in Telecom”

24th July 2024 - 1100 Hrs to 1330 Hrs

In today's digital age, where data privacy and security are paramount, Quantum Technologies promise groundbreaking advancements. This webinar explores the evolving landscape of quantum communication, its implications for telecom, and the crucial role of standardization in ensuring robust security frameworks. As the quantum revolution progresses, the telecom industry stands at the forefront of leveraging quantum communication technologies. Join us for an insightful webinar where we delve into the cutting-edge advancements in quantum communication, explore the ongoing standardization efforts, and discuss practical applications of quantum security in telecommunications.

Webinar Agenda

Sn	Session & Slot	Name of Topic & Speaker
1	Inaugural Session: 1100 - 1130 Hrs	Start of Program: Sh. Vishal Dheer, Director (TS&PR) NTIPRIT
		Program Introduction: Sh. Navneet Chouhan, DDG (TS&PR), NTIPRIT
		Inaugural Address: Sh. Debkumar Chakrabarti, DG NTIPRIT
2	Session 1: 1130 to 1215 Hrs	"Introduction to Quantum Mechanics & Quantum Communication Technologies" by Dr. Rituraj, Assistant Professor, IIT-Kanpur
3	Session 2: 1215 to 1245 Hrs.	"Applications of Quantum Security in Telecom" by Dr. Amit Kumar Chauhan, Senior Research Associate at QNu Labs Pvt. Ltd.
4	Session 3: 1245 to 1315 Hrs.	"Role of TEC in Standardization of Quantum Technologies" by Sh. Yashwant Kumar, DDG-Quantum Technologies, TEC and Sh. Rakesh Goyal, ADET-Quantum Technologies, TEC
5	1315 to 1330 Hrs.	Q&A
6	1330 Hrs	Vote of Thanks by Sh. Vishal Dheer, Director (TS&PR) NTIPRIT

Eminent Speakers

Sh. Navneet Chouhan
DDG (TS&PR), NTIPRIT

Sh. Debkumar Chakrabarti
Director General, NTIPRIT

Sh. Yashwant Kumar
DDG-QT, TEC

Dr. Rituraj
Asstt. Professor, IIT-Kanpur

Sh. Rakesh Goyal
ADET-QT, TEC

Dr. Amit Kr. Chauhan
SRA, QNu Labs

Sh. Vishal Dheer
Director (TS&PR), NTIPRIT
