# Webinar on 'Critical Telecom Infrastructure Rules, 2024' & 'Telecom Cyber Security Rules, 2024'

**2<sup>nd</sup> July 2025 – 10:30 Hrs to 12:30 Hrs**

**'Securing Tomorrow's Connections: Resilient Telecom, Trusted Networks'**

*The Critical Telecom Infrastructure Rules, 2024 aim to fortify the security, resilience, and operational continuity of telecommunications networks that form the backbone of digital societies. As the demand for seamless connectivity and reliable communication grows, these rules prioritize safeguarding critical infrastructure from cyber threats, natural disasters, and geopolitical risks.*

*The Telecom Cyber Security Rules 2024 are designed to safeguard the telecom infrastructure that powers our connected world. By introducing a robust framework of security protocols and compliance measures, the objective is to: Strengthen Cyber Resilience, Protect User Data, Enhance Network Integrity, Ensure Compliance with Global Standards, Promote Innovation in Secure Technologies, Facilitate Incident Response Readiness.*
