# Webinar on “Blockchain Technology and Its Applications”

**05.12.2025 (Friday) at 11:00-12:50 Hrs**

*Will discover the power and potential of Blockchain Technology in our upcoming webinar designed for professionals, students, and technology enthusiasts. This session will introduce the core principles of blockchain, including decentralization, cryptographic security, consensus mechanisms, smart contracts, and distributed ledgers. Participants will gain an understanding of how blockchain works, why it is considered highly secure and transparent, and how it is reshaping digital trust across sectors. The webinar combines simplified explanations with real-world examples, making it easy for even non-technical audiences to grasp key concepts.*

*In addition to foundational learning, the webinar will explore practical applications of blockchain in finance, supply chain management, telecom, governance, cybersecurity, and emerging digital ecosystems. Experts will discuss current trends, government initiatives, challenges, and future opportunities in India and globally. Attendees will also have the chance to participate in live Q&A and interact with domain specialists to clarify doubts. Whether you aim to strengthen your professional skills or stay updated with cutting-edge innovations, this webinar is a valuable opportunity to understand how blockchain is transforming the digital world.*

S.NO	SESSION & SLOT	NAME OF THE TOPIC
1	<b>Inaugural Session</b> 11:00 – 11:15 hrs	<b>Welcome Address</b> – Sh. Ashok Kumar Rawat, DDG(ICT), NCA-T <b>Inaugural Address</b> – Sh. Atul Sinha, DG, NCA-T <b>Vote of Thanks</b> – Sh. Monu Gupta, Dir. (FT), NCA-T
2	<b>Session 1</b> 11:15 –11:40 hrs	<b>Blockchain’s Role in Fostering Trust and Seamless Telecom Regulatory Adherence - A Future Outlook</b> Speaker: Sh. Sunil Subrahmanyam Yadavalli, Vice President - Business Excellence, Intuitive Data Solutions Pvt Ltd.
3	<b>Session 1(Q&amp;A)</b> 11:40 –11:45 hrs	<b>Q&amp;A</b>
