

No. 1-3/2025/NCA.TS

Dated:16.06.2026

Subject: Capacity Building in Telecom Domain -Access to GSMA Online Training Modules under MoU between NCA and GSMA.

National Communications Academy (NCA) and the GSM Association (GSMA) have entered into a Memorandum of Understanding (MoU) for collaboration on policy development, research, training, and institutional capacity building, with a specific focus on next-generation ICT technologies such as 5G, 6G, AI, IoT, and quantum communications.

2. As a part of activities under the abovesaid MoU, GSMA has informed that specialized online training courses are now available free of cost for officers of the Department of Telecommunications (DoT) via the official GSMA Training Portal.

3. This collaborative initiative is designed to enhance institutional capacity building and align regulatory practices with global telecom standards, thereby strengthening the cooperative framework established under the NCA-GSMA MoU.

4. Salient Features:

- **Access:** Provision of free of cost online training modules hosted on the GSMA Training Portal (<https://www.gsmatraining.com/courses/>)
- **Curriculum:** Available modules cover Spectrum Management, 5G Technologies, Policy & Regulation, and Digital Inclusion etc. The list of courses gets updated from time to time as and when new courses are introduced by GSMA.
- **Format:** Self-paced online sessions with integrated knowledge assessments.
- **Certification:** GSMA-issued certificates of completion upon successful fulfilment of course requirements.

5. Interested DoT officers may access the portal at <https://www.gsmatraining.com> to register. For any further clarification / information undersigned may be contacted.

This is issued with the approval of the Competent Authority.
